How to use the Sesame Street Crayon

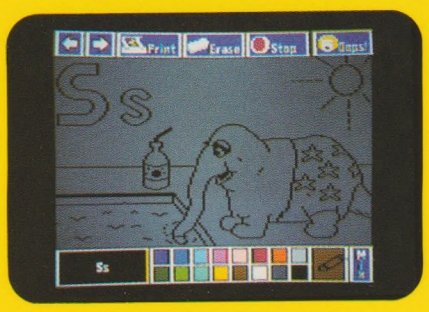
"Point and Click" to choose colors and fill in pictures

Prints Pictures in color

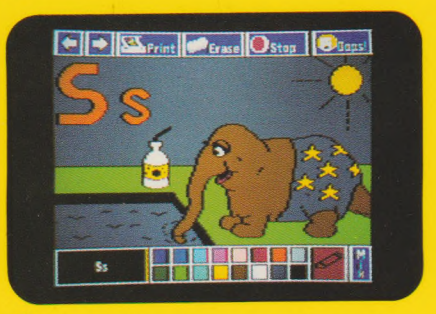
Print picture calendars

26 pictures on disk

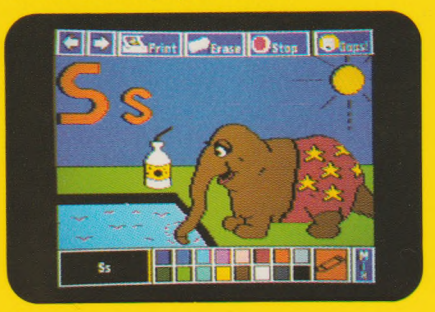
Illustrations by Angela Greene
Cover art by The Dovetail Group



1 Find the picture you want by clicking the arrows at the top of the screen.



2 Choose the color you want by moving the "crayon" to the color at the bottom of the screen, and clicking on it.



3 Move the crayon to the area you want to fill, and click. You can color over any area, even those you have already colored.

The Sesame Street Crayon is a computer coloring book with dozens of pictures that you can color again and again. Just point and click to choose the color, point to where you want to fill, and click to fill the area. If you don't like the way the color looks, you can fill the same area with another color. Or you can erase the entire picture and start over.

With a color printer and ribbon (on the Apple version) you can print out the pictures with colors from the computer! Or if you have a black and white printer, you can print the pictures so they can be colored by hand. Either way, you can also print any month's calendar with the picture.

Sesame Street Crayon titles currently include "Letters for You," "Numbers Count," and "Opposites Attract."

This product was developed in cooperation with Children's Television Workshop, producers of SESAME STREET, THE ELECTRIC COMPANY, 3-2-1 CONTACT, and SQUARE ONE TV. Revenues from sales of this product will be used to help support CTW's educational projects.

The Apple version requires 128k. Input can be with a mouse, joystick, Koalapad or keyboard. Color graphics may be printed with the Imagewriter II, Scribe or Okimate 20 and black and white graphics may be printed with Imagewriters, Scribe or Okimate 20. ***IBM versions print only in black and white*** on the following printers: Epson MX/FX/EX/RX/JX/ series, Epson LQ/SQ series, C .Itoh Prowriter and Apple Imagewriter, Okidata 192/193/292/293/294 alternatives. IDS Prism series DataProducts 80xx series, and Toshiba P3xx, 134x and 135x families. Input for the IBM version can be keyboard, joystick or Microsoft mouse, only. ***The Commodore version*** will run on the Commodore 64, 128 and 64C and will print in color or black and white on the Okidata 20 and black and white on the Commodore 1200. Input for the Commodore can be keyboard, joystick or mouse.

Merit Software

Lifetime Warranty

Merit Software will replace this software disk free of charge if it is found defective in materials or workmanship for the life of this product.

This lifetime guarantee applies only to the original purchaser whose Warranty Card has been completed and mailed within 10 (ten) days of purchase. Tampering, abuse, or unauthorized alterations will void this warranty.

The defective disk should be returned to Merit Software at the address on the reverse side in a protective packaging and an outer envelope marked "FRAGILE-DO NOT BEND OR X-RAY." Please be sure to include: (1) proof of purchase (2) the reason why you are returning the diskette (3) your return address.

The rights specified within this warranty shall be the sole and exclusive remedy of the purchaser for any claim under the warranty. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, EXPRESSED OR IMPLIED. ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS ARE LIMITED BY PRODUCT AVAILABILITY UNDER TERMS SPECIFIED ABOVE. THE PURCHASER MAY MAKE NO CLAIM FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR ANY DEFECT. THIS WARRANTY DOES NOT APPLY TO THE SOFTWARE PROGRAMS CONTAINED IN THE DISK, WHICH PROGRAMS ARE SOLD "AS IS."

Some states do not allow limitations on how long an implied warranty lasts or the exclusion of limitation of incidental or consequential damages, so the above limitations may not apply to you. This warranty shall not be applicable to the extent that any provision or limitation is prohibited by any federal, state or municipal law, which cannot be preempted.
